Important Notes

- These are suggested models only; users may choose any equivalent router as per their individual requirements.

- If a user purchases a router other than the suggested models, the router must have at least:
    - 1 WAN port
    - 1 LAN port
    - PPPoE support

- A LAN patch cord (CAT6), as required by the user, must be used to connect the router to the IITGN LAN network.
